STAT Dear

I have recently received your statement covering those purchases which I have made up to and including July 7, 1956. This is very helpful to our accounting people.

At your convenience, I would appreciate a supplemental statement which would include those purchases made subsequent to July 7, since I feel that the \$750.71 credit which shows on the present statement has been considerably reduced, if not entirely eliminated.

STAT I trust that you are having a pleasant vacation. I placed an order yesterday with [redacted] for some twenty pith helmets, which is another reason why I have asked for this additional statement of account.

With best wishes.

Sincerely yours,

Signed
JAMES A. CUNNINGHAM, JR.
